A SOS feature app that was aimed to provide safer travelling experience to every Individual. Build under the Ideathon competition and reached finals.
- **Document Saver and Extractor**
A website where you can store your important documents using your username/email address and can retrieve them over the internet.
- **Bank Management System using Java**
A GUI based application to mimic a bank management system with all basic frontend and backend functionalities.
- **Bank management System using Python**
A GUI based application to use Python's power to mimic a bank management system at the user's end.

Certifications

- Google Cloud- Cloud Engineering
- Create and Manage Google Cloud Resources
- Google Cloud Computing Foundations: Cloud Computing Fundamentals
- Introduction to Generative AI
- Google Cloud Fundamentals: Core Infrastructure - Coursera & Google
- Crash Course On Python - Coursera and Google
- Getting Started with Git and GitHub - Coursera & IBM
- Responsive Web Design - SoloLearn
- Python Basic Certificate - HackerRank
- Java 5 star - HackerRank
- Problem Solving 3 start - HackerRank
- SoloLearn HTML Certificate
- SoloLearn CSS Certificate
- Introduction to Programming Using C++

Extra-Curricular/ Achievements

- Invited twice in a row to our university's Achievers and Toppers Meet for efficient and excellent performance.
- Managed and led the Fresher's and Farewell events of our college with my team.
- Webathon - 1st Rank (Hackathon)
- Ideathon - Reached finals (hackathon)
- CodeStorm - 1st Rank (Coding Challenge)
- Paper Presentation - 2nd Rank (Presented my self done research with my team)
- Book Review Competition - 2nd Rank (Spoke on the book Atomic Habits)

Volunteer Experience

- Volunteer - NARCOTICS CONTROL BUREAU, India
Pledged to "Say yes to life and No to Drugs"

Recommendations
